To Succeed Barnes.

An advantage of this new company is that it has an option upon the purchase of the R. L. Barnes Safe and Lock Company. Inc., of this city. This purchase has been made possible only by reuson of the recept fire this company has sustained. The R. L. Barnes Safe and Lock Company is a little over twenty years old, and has installed safes and vaults all the way from New York, down the seaboard to Florida. This company is now installing the immense vaults of the First National Bank, of this city. It has much work on hand besides this, but is sadily hampered by not having its own factory to care for certain details. By acquiring this company's business the new company has an excellent nucleus of business with which to begin work. Likewise it will have advantage in that it can secure the services of all of the skilled workmen and part of the sales and office force. R. L. Barnes is practically retiring from active business, but for a time will give attention to the new company.

Richmond has manufacturing industries of the higher order, but it wants

to the new company.

Richmond has manufacturing industries of the higher order, but it wants more of them—the more the merrier—and this, the newest one to get on detail will doubtiess receive a most hearty welcome to the ranks of the big concerns of this progressive city. It is understood that the preliminary work of obtaining a charter, etc., will be completed this week, and the company hopes to begin active operations not hopes to begin active operations nelater than July 1.
